A Murderer's Confession.

SAVANNAH, Mo., Sept. 9.—Oliver

Bateman in his confession as to the kill-
ing of the young McLaughlin girls said
that he was at home when the girls
went there. He saw them go into the
woods to pick

hazel nuts and followed them within
fifteen minutes afterwards. They were
near the edge of the corn field when he
came up with them. While talking
with them he saw Henry Knappenberg

pass. He then induced them to go
further into the corn field, and while the
eldest was walking in front of him, he
shot her with a twenty-two calibre ball

and when she turned around, he shot
her with a thirty-two calibre ball killing
her instantly. The youngest girl started
to run when he followed and caught

her. She begged so hard for him to
let her go, that he says he came very
near allowing her to do so. He did let her go but knowing
she would let her be followed and caught
her again, threw her down and cut her
throat. It was fifteen or twenty minutes

after Knappenberg passed before he
shot the eldest girl. After killing the
youngest girl, he went back to his first
victim, outraged her person and then
murdered her person to create the im-
pression that it was the deed of a crazy

man. He relates that the eldest girl
said nothing after he shot her, and that
he held his hand over the mouth of the
youngest to prevent her cries from being
heard.

He says after all these horrible occur-
rences he went to the creek, washed his
hands threw the knife into the stream
and went home. When the father of the
girls came to his home inquiring for
them he wanted to go and help search
for them, but his relatives would not al-
low him to, as they thought he was ill.

The dead declares he was induced to
commit the crime by the circumstances
in which Henry Knappenberg had
accused him of the crime.

The Last Mark of Respect.

GENEVA, N. Y., Sept. 9.—The town is
rapidly filling with visitors. The presi-
dent and suite arrived at noon and alight-
ed from the cars one mile south of the
depot, whither the president was con-
veyed to the mansion of ex-Senator

Hammond, whose guest he becomes
while here. Governor Cleveland and
his party arrived in the same car and
were driven direct to the residence of J.
W. King, Jr., in the immediate vicinity.

Secretary Teller, Postmaster General
Gresham, Judges Kapala, Miller and
Andrews and Clark Perrin arrived this
morning. Secretary Chandler is with
the president's party. It is thought that
every member of the cabinet will be
here. Trains from the east, west and
north are yet to arrive before the funeral
occurs. The weather is oppressively
warm and the crowd of visitors are suf-
fering much discomfort.

The body of Judge Folger is uncon-
tentionally laid out at his home and only
those with whom he had been officially
associated and a few of his more intimate
friends among our towns people have
been or will be afforded an opportunity
to view it. Every store in the place,
every business house and residence from
the railroad depot to the cemetery, a dis-
tance of two miles, is appropriately
draped in mourning.

A Cow Upsets a Train.

Memphis, Tenn., Sept. 9.—The west
bound passenger train on the Memphis
and Charleston railroad, due here at 9:30
o'clock last night, had three of its pas-
senger coaches thrown from the track
by the engine running over a cow. The
accident occurred at 6:15 last evening
three miles west of Corinth, Miss., and
about ninety-five miles east of this city.

There were about seventy passengers in
the coaches, which turned up side down.
All were more or less bruised, but no
serious injuries were sustained by any
except by a negro brakeman named Lee,
who had his jaw broken, and a negro
girl, who had her arm and three ribs
broken. The passengers were brought to
Memphis early this morning.

Not Even in Chicago.

CHICAGO, Sept. 9.—The past ten days
in this city have constituted a heated
term unprecedented in the history of the
city. The thermometer has rarely
dropped under 75 and has risen to 90.

The peculiarity of the season has been
in the fact that the nights have afforded
little relief the sublimity containing very

evenly through the full twenty-four
hours. At 7 this morning the thermom-
eter registered 82.

A Severe Storm.

SHOUX CITY, Ia., Sept. 9.—This city
and vicinity was visited by a terrific
rain, hail and wind storm yesterday.
Several barns were unroofed and other
outbuildings demolished. The rain
came down in a perfect torrent. A spe-
cial from Polk, O'Brien county says
that several buildings were demolished
but no one was hurt.

Knocked by Electricity.

DOVER, N. H., Sept. 9.—During a
thunder storm at Middleton last evening
lightning struck the farm house of Geo.
J. Tufts, setting it on fire. The nine
year old daughter of Mr. Tufts was in-
stantly killed.

A NICE GIFT.

A prominent Allen County Farmer Pre-
sents the Universalist Church of
Indiana with \$40 Acres of
Land Worth \$12,000.

The convocation of the Universalist church
just closed at Bluffton was a notable
gathering. The growth of the demoni-
ation was noted as somewhat phenom-
enal and the communicants increased
steadily. Just before the close of the
session a prominent Allen county farmer,
who requests us not to mention his
name, arose and said he wanted to do
something for the church. "After thirty-
seven years of toil in this county," said
he, "I find myself the owner of 240 acres
of land. This I bequeath to the Uni-
versalist church." The land is situated
a mile west of Sheldon and is worth
every penny of \$12,000. Yesterday be-
fore County Recorder Heller the prop-
erty was transferred to the church and
the name of the donor was placed on the
sacred roll of honor. The gentleman is
a bachelor and about sixty years of age.
He lives with his brother in Pleasant
township and has enough to keep him
comfortably the remainder of his life.

ANGELS AMONG MEN.

The Penitential and Supernatural Manifesta-
tion in an Earthly Dwelling.

The old days of superstition have pass-
ed away and the time when angels ap-
peared unto men and directed their
movements has changed. No longer
does this occur and no longer do the
heavenly visions appear. But there is
at present much excitement in the neigh-
borhood of Athens, Ohio, which is caused
by a supernatural manifestation, as is
gravely claimed, and which, in brief, the
residents of the locality join in relating
as follows: During the present summer
Miss Maggio, daughter of Samuel Cop-
eland, a worthy citizen of the village of
New England, filled a pillow case with
swamp down, which pillow she used dur-
ing subsequent confinement with a mal-
ady which proved fatal. Shortly after
the recent death of the young lady the
pillow referred to was emptied for the
purpose of washing it and on its being
turned there was discovered on the inner
surface of the case a distinct tracery of
seven crowns (which number corresponds
with the number of Mr. Copeland's fam-
ily); above these crowns banks of beau-
tiful clouds are represented and still above
these are clearly delineated groups of
angels. These figures, when held to the
light, are said to gladden like gold. Since
the discovery of this remarkable phe-
nomenon Mr. Copeland's residence has
been the center of daily thronging visits
from curiosity impelled residents in that
section of the country, who join in as-
cribing to the strange circumstance a
supernatural origin.

The Maine Election.

PORTLAND, Me., Sept. 9.—Read's plu-
rality in this district, with four towns to
be heard from, is 736. The missing towns
four years ago gave him 195 plurality.

A ONE-SIDED AFFAIR.

PORTLAND, Me., Sept. 9.—Later re-
turns show that the senate will stand
thirty-one republicans and no democ-
rats. The house so far as heard from
will have two republicans and twenty-one
democrats.

"WE'VE CARRIED THE STATE."

AUGUSTA, Me., Sept. 9.—The follow-
ing telegram has been sent by Postmas-
ter Manly to Secretary Fessenden, of the
republican national committee: "On a
full vote we have swept the state and re-
elected Robie by 15,000 majority. Mr.
Blaine's own city has given a majority
of 252—greater than was ever before
known, and his county gives 3,400 ma-
jority."

WALTER BLAINE CHEERS HIS FA' CHUM.

AUGUSTA, Me., Sept. 9.—The following
dispatch was sent General Logan to-day:
The result of the election may be thus
summarized: The republicans have car-
ried every county in the state, with the
possible exception of Knox, which is very
close; they have elected twenty-nine
senators and the democrats only two;
they have chosen four-fifths of the rep-
resentatives to the legislature; they have
elected four representatives to congress
by large majorities, and they have given
Governor Robie a popular majority of
17,000. The republican vote will reach
very nearly 80,000, being from 4,000 to
5,000 larger than ever before. Our ma-
jority is the largest we have had since
the presidential election of 1868, and far
exceeds our most sanguine hopes.
[Signed] WALTER BLAINE.

such time as will prove that the suspect-

Vital Questions!!!!
Ask the most eminent physician

Judge W. A. Woods, Noble C. Butler, C. J. Dobles and Charles H. McCarter, of the United States court, stop at the Avelline house.

Your cough is growing worse. The soreness and pain in the throat and lungs is increasing. Better get rid of the absurd idea that anything will cure a cough or cold, and give Dr. Wistar's Balsam of Wild Cherry a trial before it is too late. It never fails to check consumption and quickly cures all coughs and colds.

The annual report of the Pittsburg, Fort Wayne and Chicago, filed in the office of the Illinois railroad and warehouse commissioners, shows 758.55 miles of track in operation, nearly all of which is laid with steel rails. It has 308 locomotives, 157 passenger coaches, 7,655 freight cars. The total revenue-yielding tonnage for the year is 5,064,708 tons. The total earnings for the line have been \$10,077,635; operating expenses, \$6,552,965; net earnings, \$3,524,670, a decrease for the year of 24.39 per cent. Twenty people have been killed and 118 injured. There have been 346 train accidents, of which 193 were derailments and forty-two collisions.

Young and old alike attest the invaluable qualities of Athlaphora, that sovereign remedy for neuralgia and rheumatism. It eradicates the disease from the system by purging the blood from the inciting cause. Mr. M. O. Warm, assistant cashier of the Merchants' National Bank of Toledo, O., writes: "My little girl was cured of rheumatism, after having suffered three months, by the use of Athlaphora. I have faith in it, and recommend it to all suffering with this disease."

Saturday night Hon. P. S. O'Rourke
will address the people of New Haven on
the tariff question, of which he is a mas-
ter. The Jeffersonian club will accom-
pany Mr. O'Rourke and then request
him to deliver the address at the Acad-
emy of Music in this city at some future
day. Mr. O'Rourke is a clear-headed,
brilliant talker and makes his address
entirely unpartisan. Of course, Mr.
O'Rourke is a democrat and although he
supports Cleveland and Hendricks, omits
everything that would offend republicans.

Dr. Munhall's lecture at the Third
Presbyterian church last night before the
Railroad Young Men's Christian association
on "The Railroads of the Old
World," was exceedingly interesting.
The doctor has sharp eyes, an apprecia-
tive mind, a good memory and a happy
way of telling what he knows. There
was no effort to be oratorical but he im-
pressed to those who had never traveled
in Europe a rich fund of information.
No one present will be likely to forget
the happy ending of the lecture by which
the people were convulsed with laughter
and sent home in a decidedly jolly mood.

Seated and Signed.
Over his notorial seal, Mr. Harry
Williams Groomville, Cal., certifies that
Mrs. A. Williams was suffering with pains
in the back, so severe she was unable to
turn and was delirious. When the case
assumed an alarming stage, one applica-
tion of St. Jacobs Oil was made, external-
ly, after several remedies had been tried
and failed. The patient slept soundly
until morning and got up entirely cured.
He thinks it his duty to endorse the great
conqueror of pain.

Becher's Bad Head.
For two months in the year Henry
Ward Becher can't preach. In August
and September he takes his vacation and
endures the onset of the hay fever. A
man with hay fever isn't accountable for
his actions. He is frantic with snuffing,
sneezing and headache. Every nerve in
his skull thrills with distress and his
head is a fountain of tears. He lives
only to fly from sea side to mountain top
in search of relief. This form of catarrh
(hay fever) Ely's Cream Balm will cure.
Placed in the nostrils it penetrates and
soothes the affected parts at once, re-
stores the impaired senses and creates
healthy secretions. You cannot run
away from hay fever, but you can drive
it from you by using Ely's Cream Balm.

LYON'S KOZOTHUM.

A Gift to the Gray and a Boon to the Bald!

BEFORE USING. AFTER USING.

Lyon's Kozothum is not a dye, but a clear, fragrant oil, and acts purely as a tonic to the hair follicles and capillary circulation of the scalp, whereby it restores the natural action, and as a result

RESTORES THE NATURAL COLOR

To the hair, rendering it soft and beautiful. This wonderful remedy, unlike all its predecessors, is

ENTIRELY FREE FROM SULPHUR, NITRATE or SILVER

And all noxious and deleterious chemicals. It has fast friends wherever known and used; it deposits no sediment upon the scalp, does not stain the skin nor soil the most delicate fabric, and is an

ELEGANT and DELIGHTFUL HAIR DRESSING.

And an indispensable article to every lady's toilet. To middle-aged men who are prematurely bald, or becoming bald, it is especially recommended, and when fairly and properly used, will never fail in arresting the falling out of the hair and encouraging a vigorous and abundant growth of new and healthy hair.

From a Well-known, Prominent Clergyman.
SHELBYVILLE, Ill., June 15, 1884.
Messrs. A. Kiefer & Co., Indianapolis:—A year or two since I began to lose my hair. A prescription by a barber temporarily checked it, but after a brief time it again began to come out by handfuls, and a prescription by a physician again checked it. During last winter and spring it again began to fall out, and finally left the top of my head bare. My attention was called to your Kozothum. I was afraid to use it, dread- ing sulphur, lead or nitrate of silver. But when I saw growing worse daily, and the fly season was close at hand, so I procured a bottle of Kozothum. The result is an excellent crop of hair, soft, strong to say, of its original color, soft and pliable, a clean scalp and no irritation, and this on the head of a man over fifty. I have no hesitation in saying it is the best hair restorer extant, and from trial I do not believe there is a particle of anything dangerous in it. Yours truly, REV. H. MILLER.

From a Lady of Clay County.
BRANT, Ind., July 7, 1884.
Messrs. A. Kiefer & Co., Indianapolis:—Gentlemen:—Having but little faith in Hair Restoratives I was, after much hesitation and with great reluctance, induced to try a bottle of Lyon's Kozothum. My hair was gray, coarse and harsh, and so that for years, when- ever combed or brushed, it would break off, upon using the Kozothum a speedy and de- sirable change took place. My hair became live and lustrous, regained its natural color, ceased to break off, and is now as soft, elastic and glossy as anyone's need desire. As a hair dressing I now find it indispensable, and in- dorse it heartily for all purposes for which it is recommended. Mrs. FANNIE B. WANSLEY.

From one of the Best Known Insurance Men in Indiana.
INDIANAPOLIS, July 4, 1884.
Messrs. A. Kiefer & Co., Gentlemen:—For some time my hair has been falling out, shortening my locks with baldness. I used Ayer's Hair Vigor, Hall's Hair Renewer and other remedies with no effect. My scalp has always given me trou- ble, being covered with scales, the result of a scurfy affection. Recently I was prevailed upon to try Lyon's Kozothum. The effect was wonderful. Not only was the falling of hair promptly arrested, and a new growth of hair stimulated in its stead, but the scales were re- moved from the scalp, which is no longer ter- rific and uncomfortable, cool and health- ful. My hair, which was exceedingly gray, has resumed its natural color, my beard, to which it is restoring the natural color, though more slowly than my hair, I recommend it with confidence as a medicine for the scalp, a hair tonic and a hair restorer.
